HB 907 - Quality Basic Education Act; organization of schools, programs, and scheduling; revise certain provisions

- BILL SUMMARY: House Bill 907 is a bill relating to the "Quality Basic Education Act" and revising certain provisions of the middle school program. This bill will make it possible for middle school systems to receive money with any combination of grade levels for the housing of students. In current law, the school could only receive funds if it housed the middle school grades six, seven and eight together. Now it is up to the local system to decide how to organize the housing of the students. This bill also takes a look at the education schedule for the students. The local school board is still required to provide a minimum of 5 hours instructional classes but does not have to include remedial courses for those students who are not performing on grade level.

- **Authored By:** Rep. David Casas of the 103rd

- **Committee Action:** Do Pass

HB 923 - Quality Basic Education Act; salary schedules for certificated personnel; revise provisions

- BILL SUMMARY: House Bill 923 deals with certified personnel being placed on the state salary schedule based on their leadership degree but is not in a leadership position. This does not apply to an educator who possessed a leadership degree prior to July 1st 2013, as long as they were enrolled in an educator leadership preparation program on or before April 1st 2009.
